GOLF & SOCIAL CLUB

## NEEDLE ROCK KITCHEN & TAP

At Needle Rock Kitchen & Tap, natural design is perfectly married with good food and good times. The centerpiece is a wood-fired grill where meals are prepared above a natural flame. Favorites include charcuterie plates, pizza that's perfect for sharing, our signature slow-cooked prime rib, a wood-fired, salted caramel dessert, and seasonal dishes introducing flavors from throughout the region. Integrated into the dining space is a comfortable, socially-driven bar area providing a wonderful option should you be more in the mood for a cold drink than a hot meal. Members and guests will particularly enjoy our local beer on tap – the cleverly coined Tap17 – inspired by the 16 original liquor licenses issued in the Valley of the Sun.

## CHEF'S TABLE

Whether you're celebrating a birthday, anniversary, or any other special occasion, the Chef's Table is the perfect place to share an experience with family and friends. Members may select from the standard menu or work directly with the culinary team ahead of the event to create a completely custom experience. Destined to be the status symbol of choice among Members, Verde River's private wine storage program means you can purchase and store your favorite vintage right at the Club and then enjoy with your meal among friends.

Helen Scott arrived with her husband Winfield in 1888 as the first modern settlers of "Orangedale." The name didn't stick, but Helen and Winfield did, and in 1894 the town was renamed Scottsdale after its founders. Helen Scott was known for her love of teaching and providing comforting meals for family and friends, and it's only fitting our private kitchen is named in her honor. From cooking demonstrations and classes to viewing parties for your favorite programs or sporting events, Helen's Kitchen is an ideal, private space to relax among friends. Whether you choose to cook for yourself or simply sit back and let our culinary team do the heavy lifting, Helen's Kitchen is the kitchen we all wish we had at home.

## GOLF | THE CHAMPIONSHIP COURSE

Crafted by noted “architect’s architect” Ken Kavanaugh, the course burst onto the Valley’s golf scene in 2007 to rave reviews. Experts and guests alike championed its strategic design and the sheer beauty of the view corridors across the Verde River and out to the Tonto National Forest and ultimately the iconic Four Peaks. In 2016, under the watchful eye of PGA Tour legend Tom Lehman, an already award-winning 18-hole layout transforms into a design more suitable as a private course through changes both large and small.

## GOLF | ENHANCED PRACTICE FACILITY

As the course transitions from daily fee to private, the requirements for a practice facility increase vastly. The re-envisioned facility will feature a larger putting green, larger chipping/pitching area, larger tee deck to hit more target greens, and space dedicated to professional instruction.

## GOLF | THE PEAKS LOOP

We have dubbed the first six holes of the golf course the Peaks Loop. Featuring a diverse test of 3 par 4's, 2 par 3's, and a single par 5, the Peaks Loop is an hour-long escape or the perfect conclusion to an afternoon practice session.

## COURTS & SPORTS COMPLEX

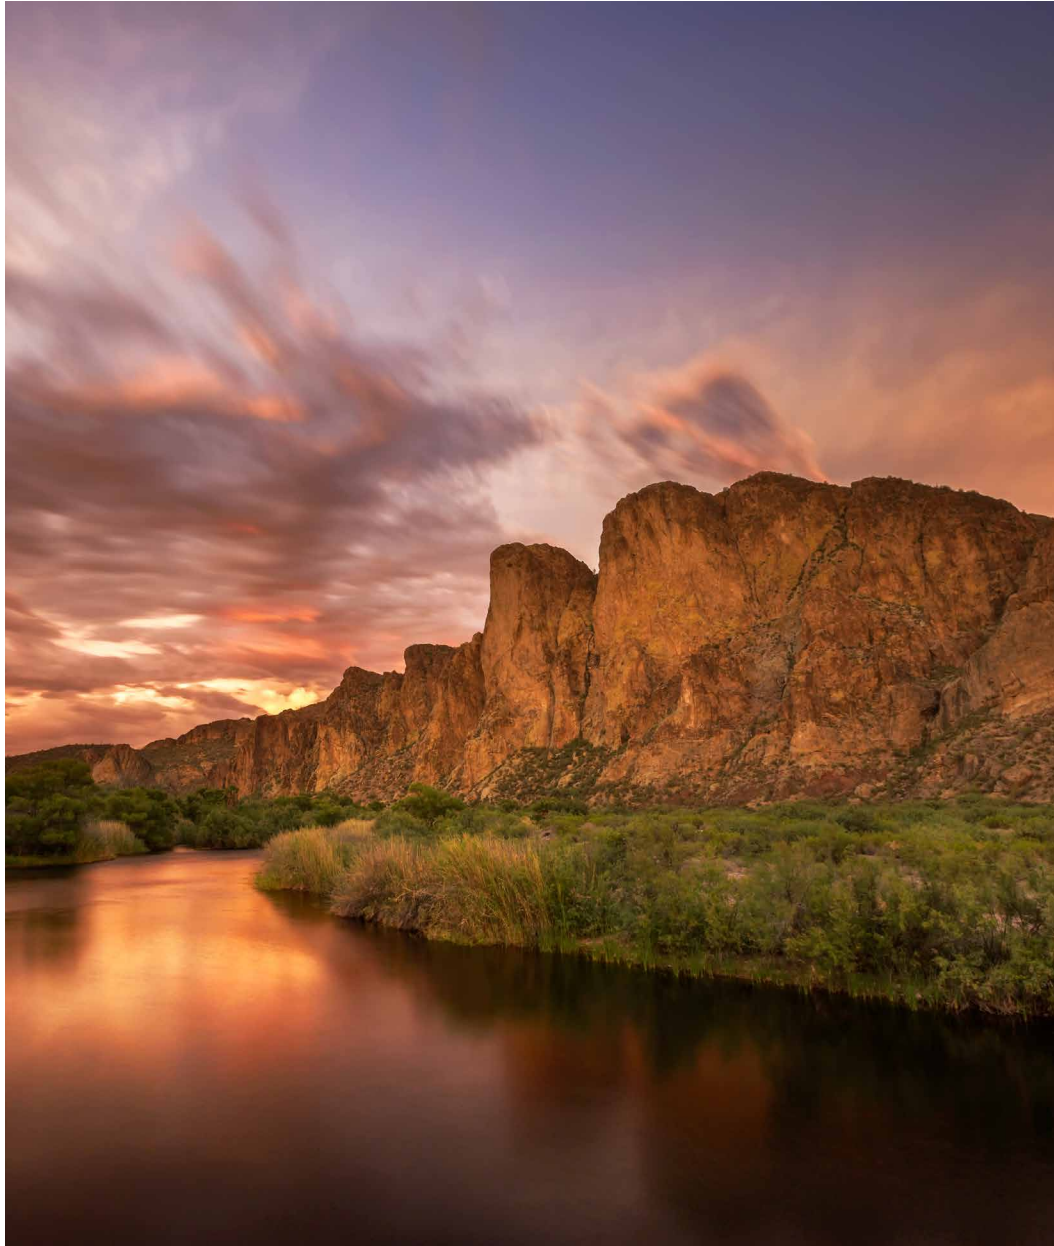

The Courts & Sports Complex includes four tennis courts (one stadium), four Pickleball courts, bocce ball and a croquet lawn. Enjoy a tennis match or a lively game of Pickleball. As one of the fastest growing sports in the country, Pickleball challenges players athletically without requiring the stop-and-start running of tennis, racquetball or squash.

## CLUB POOLS

Relax and soak in the natural beauty of the surrounding Sonoran Desert at one of the Club pools. Quiet the mind while swimming laps or indulge in a refreshing beverage while basking in the sun poolside or on the lush, manicured lawn adjacent to the water.
